A simple way to describe *Dinosaur Sanctuary* is, "what if *Jurassic Park* was more heartwarming than scary?" But what sets it apart is Kinoshita's love for dinosaurs. He draws these giant creatures with attention to scientific detail, while infusing them with life, emotions, and personalities that make them feel as real and loveable as household pets, or modern-day animals in a farm, zoo, or in the wild.

While this story could settle for being "educational," Kinoshita's top priority is to create an entertaining story that readers from tweens to adults, want to read again and again. If you learn something along the way, that's great—but above all, *Dinosaur Sanctuary* is a fun and heartwarming series filled with interesting characters (humans and dinos), with just enough action and drama to keep readers coming back for more. It's a workplace comedy/drama with a dash of science documentary—a mix that makes it appealing to male and female readers, young and old alike.

Synopsis

Dinosaurs are alive! In 1946, a remote island was discovered where dinosaurs never went extinct. Through breeding and genetic manipulation, dinosaur populations increased, and dino-mania reached a fever pitch worldwide . . . until a certain terrible incident occurred and dinosaur zoos like Enoshima Dinoland fell on hard times. Enter Suzume Suma, a kindhearted rookie dino-keeper! Can she save Dinoland from extinction?

OH MAN, OH MAN, WHERE'S MY PHONE?!

TIME AND CAREFUL BREEDING OF THE BARAKAN SPECIMENS BROUGHT DINOSAURS BACK ELSEWHERE AS WELL.
UNTIL 1946, WHEN A FEW SURVIVORS WERE DISCOVERED ON UNINHABITED BARAKAN ISLAND.

GAH! IT'S OUT OF JUICE!

UNFORTUNATELY, FOR SOME OF OUR VIEWERS, THE ANSWER IS YES.
HAVE DINOSAURS "JUMPED THE SHARK"?

IT SEEMED LIKE DINOSAURS WERE ALL YOU EVER HEARD ABOUT BACK THEN!
IN 1987, DR. SUMA ICHIROU MADE BREAKTHROUGHS IN GENETIC MANIPULATION THAT RESTORED EXTINCT SPECIES, KICKING OFF A WORLDWIDE "DINO BOOM."
IT SURE DID. BUT THAT ALL CHANGED AFTER A FATAL INCIDENT IN 2006 PUT A DAMPER ON DINO-MANIA.

I GOTTA ASK, BOSS...
CAN WE REALLY AFFORD TO HIRE SOMEONE RIGHT NOW?
OF COURSE NOT. TOTAL WASTE OF FUNDS.

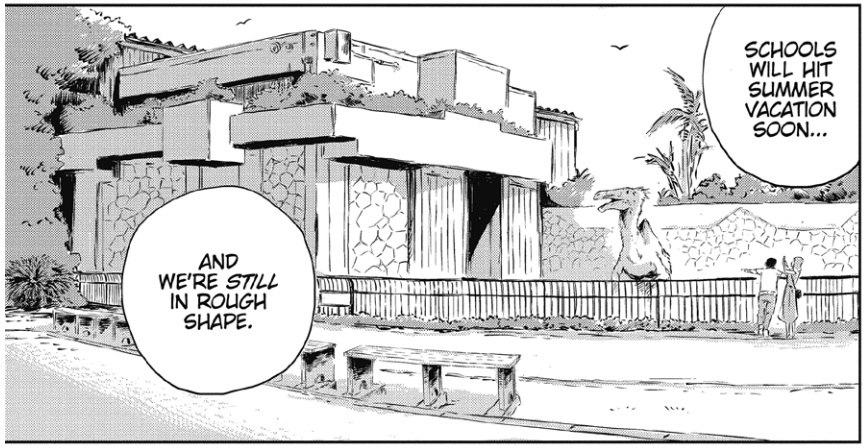

HOW ABOUT SOME NEW AC UNITS IN THE DINO PENS?
IF WE'RE GONNA SPEND MONEY...
BUT WE'VE GOT A REAL STAFFING SHORTAGE, TOO!
I SUPPOSE THAT'S TRUE.

I'M STILL WAITING FOR THE REPAIR GUYS TO GET BACK TO ME.

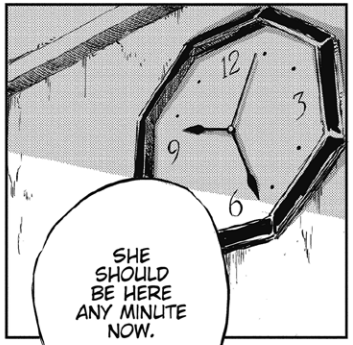

GUESS THERE'S NO EASY FIX FOR THIS.
NOT WITHOUT A WAY BEEFIER BUDGET.

YOU SAID THE EXACT SAME THING LAST WEEK.
C'MON, KARIN. TIME TO MOVE.

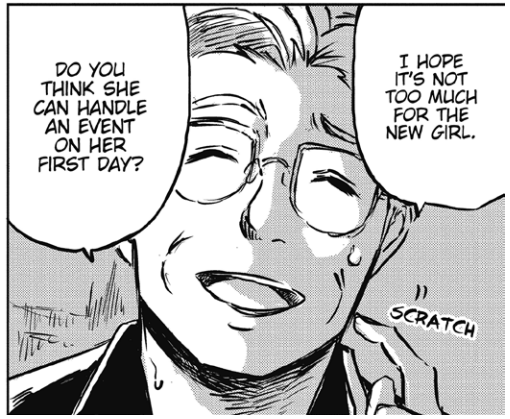

SCHOOLS WILL HIT SUMMER VACATION SOON...
AND WE'RE *STILL* IN ROUGH SHAPE.

THEY'RE THE ONES KEEPING OUR PURSE STRINGS SO TIGHT.
IF YOU'VE GOT COMPLAINTS, KAIDOU-SAN, TAKE THEM UP WITH HEAD OFFICE.

MAYBE I SHOULD.
SOUNDS LIKE A JOB FOR AMI THE WONDER ACCOUNTANT TO ME, THOUGH.
WATCH IT. I HAVE MY LIMITS.

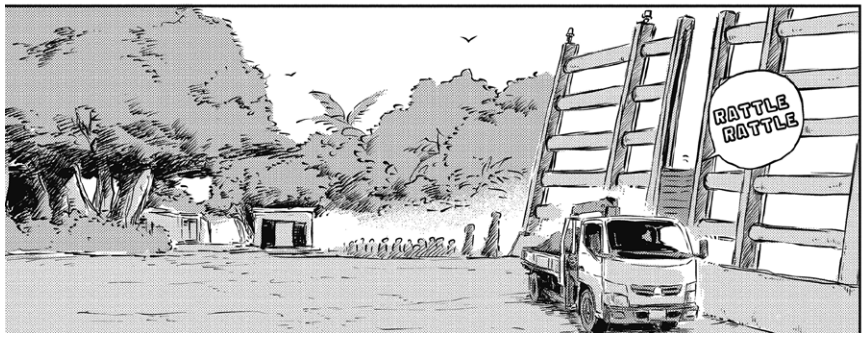

THERE'S A SCHOOL GROUP COMING TO SEE TODAY'S FEEDING, RIGHT?
RIGHT YOU ARE.
THEY'RE FROM SAKURA KINDER-GARTEN.

SHE SHOULD BE HERE ANY MINUTE NOW.

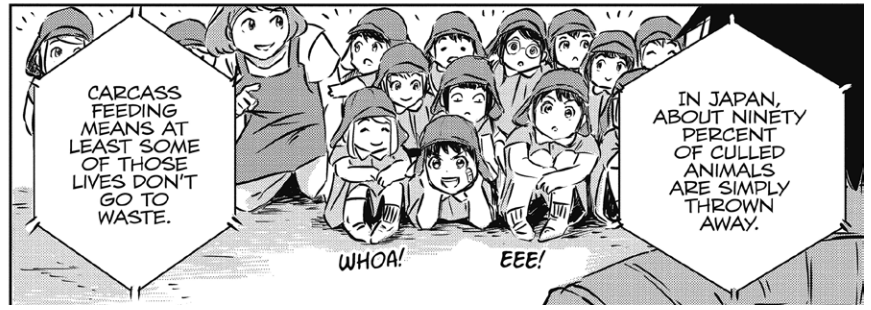

I HOPE IT'S NOT TOO MUCH FOR THE NEW GIRL.

TODAY, WE'LL BE DOING A CARCASS FEEDING.
THAT'S WHEN WE TAKE DEER, BOAR, AND OTHER INVASIVE SPECIES THAT HAVE BEEN CULLED...
AND PUT THEIR BODIES TO GOOD USE AS FOOD FOR CARNIVOROUS DINOSAURS.

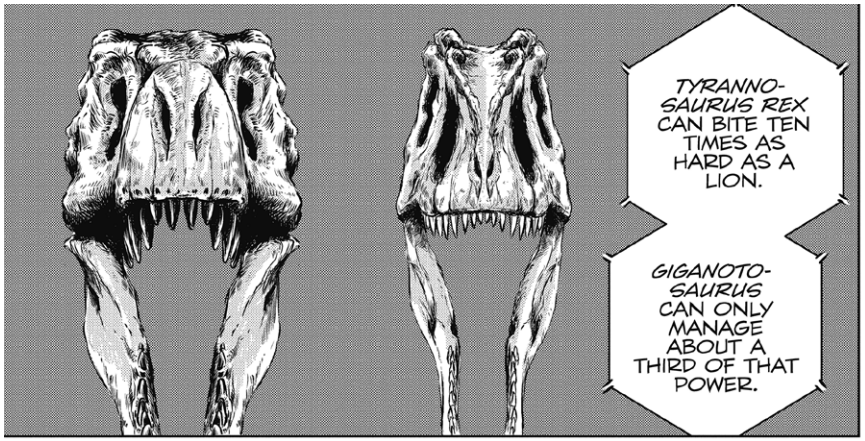

CARCASS FEEDING MEANS AT LEAST SOME OF THOSE LIVES DON'T GO TO WASTE.
IN JAPAN, ABOUT NINETY PERCENT OF CULLED ANIMALS ARE SIMPLY THROWN AWAY.
WHOA!
EEE!

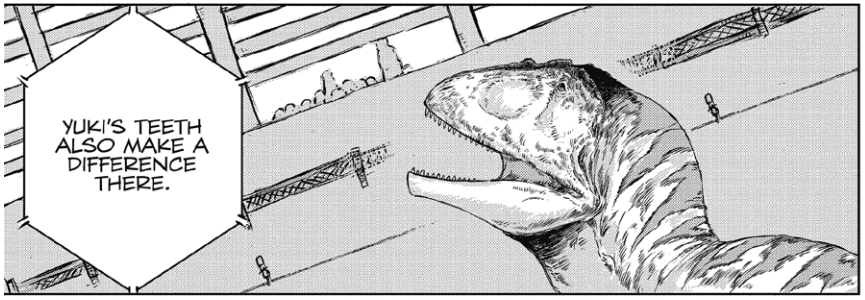

WE'LL BE FEEDING THIS DEER CARCASS TO A DINOSAUR SHORTLY.
DIAL IT DOWN, MAN, THEY'RE FIVE.

TYRANNOSAURUS REX CAN BITE TEN TIMES AS HARD AS A LION.
GIGANOTOSAURUS CAN ONLY MANAGE ABOUT A THIRD OF THAT POWER.

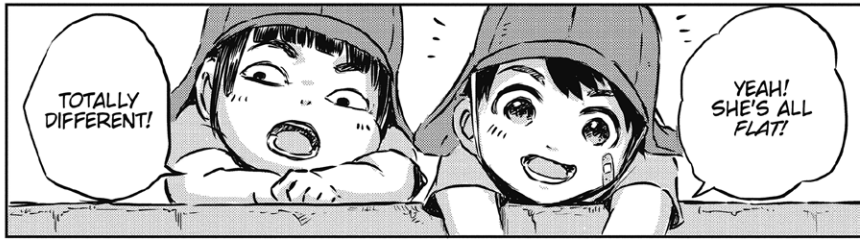

YUKI'S TEETH ALSO MAKE A DIFFERENCE THERE.

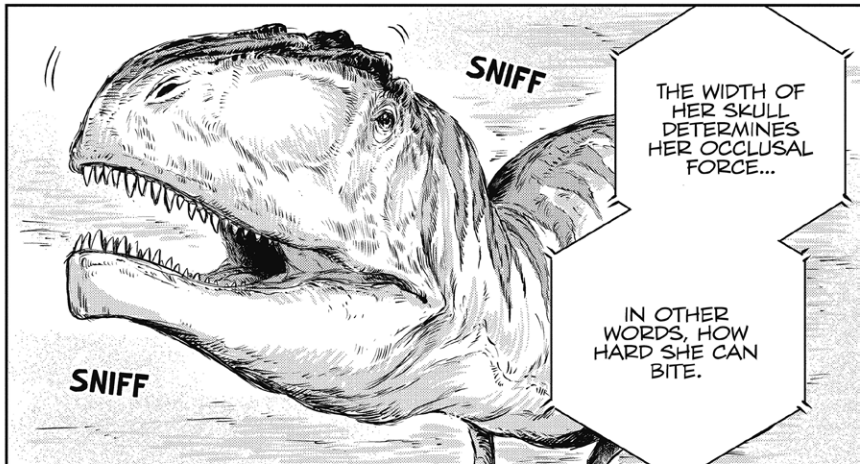

THEN YUKI'S TEETH ARE MORE LIKE SHARP KNIVES THAT SLICE THROUGH MEAT.

IF WE THINK OF T. REX'S TEETH AS THICK, STRONG HAMMERS THAT SHATTER BONE...

BUT A GIGANOTOSAURUS BODY IS MUCH MORE ANGULAR.

THAT'S TRUE.
IN TERMS OF SHEER SIZE, YUKI HERE HAS A TYRANNOSAURUS BEAT.

THIS EXTRA "HUNTING" TIME HELPS KEEP THEM FROM GETTING BORED.

THAT'S THE THING ABOUT DINOSAURS.

I THOUGHT IT'D BE WAY COOLER!
AW, MAN! THIS STINKS!

THEY MAY BE BIG...

SOMETIMES THEY GET SICK OR HURT.

SHE KNOWS MY SCENT BEST 'CAUSE I'VE BEEN TAKING CARE OF HER.

BUT I DUNNO.
YUKI CAME TO ENOSHIMA AFTER HER OLD PARK COLLAPSED.
SO WHO KNOWS? MAYBE YOU'RE RIGHT.

IT'S POSSIBLE DINOSAURS GET THOSE FEELINGS, TOO.

GWRRR

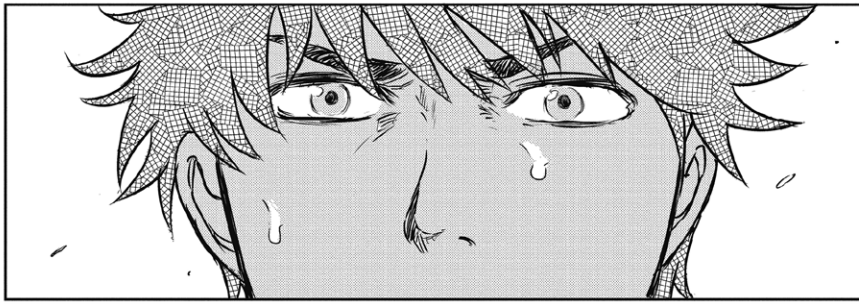

THE KIDS TODAY SAID THE SAME THINGS EVERYONE DOES.

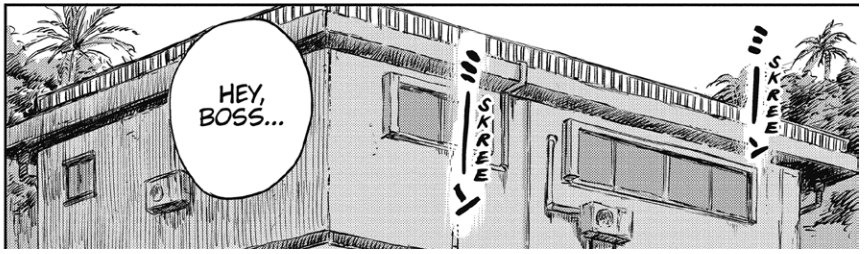

"DINOSAURS ARE SCARY."
"DINOSAURS ARE STRONG."
THAT'S THE IMAGE THAT REALLY STICKS WITH PEOPLE.

THAT YUKI'S A BIG, SPOILED SWEET-HEART.
SO OF COURSE NONE OF THEM SEE THE TRUTH.

THAT DRIVES ME CRAZY.
